Re: MONEY ORDER CHECK
ITHACA POST OFFICE

Reference is made to our telephonic conversation of this date.

As you know, there has been quite a problem with relation to the check of incoming money orders at the Ithaca Post Office for all orders made payable to ALFRED SARANT. The Post Office has checked all orders emanating from New York, Ohio, and California for the period from June, 1937. This has succeeded in locating several money orders payable to SARANT remitted by WILLIAM PERL, VIVIAN GLASSMAN, and HETTIE SAVIDGE. In the period from December, 1948 to January, 1950, only one order has been located - this is one remitted by VIVIAN GLASSMAN from New York City.

To have the Post Office check all money orders from December, 1948 to January, 1950, would be practically impossible. However, the Post Office agreed to check their daily money order sheets for this period for all incoming orders in the amounts of \$45., \$45.50, \$46., and \$47. These daily sheets list the following information concerning each order: date, amount, serial number, and number of issuing office. Once the identity of the issuing office is known, the Post Office can then check the orders coming from that office and locate the original cancelled money order stub. But here a major problem enters the picture. There is no list available at the Post Office that lists post offices by their numbers in numerical order; such lists are just not available. However it has been determined that each state has designated prefix numbers for all offices in that particular state; e.g., 58276 is the number of the White Pine Post Office in Tennessee - you can tell by the prefix that such office is in Tennessee. Thus knowing that the post office number bearing the prefix 58 must be in Tennessee, you can identify the post office by checking the Postal Guide for all offices in Tennessee until you locate number 58276. This will then show you that this number is assigned to White Pine Post Office.

The Ithaca Post Office is presently checking all daily money order sheets for the amounts listed above. They have already furnished the results of the checks made to date. The information furnished is broken down by month, each month including all orders in the above amounts with the serial number of each order as well as the number of the issuing office listed. It will be up to our office to identify the post offices by checking the Postal Guide. When the offices are identified, this information will be furnished the Post Office. They will then be able to locate the original money order and determine if the order is payable to SARANT.

I have personally made an analysis of the numerical state code prefixes in the Postal Guide. Such analysis follows herein. It should be noted that all numbers are inclusive.

INSTI

1. Detaching coupons and listing paid orders.—Section 1441 of the Postal Laws and Regulations directs postmasters to detach the coupons and list all paid money orders daily on Form 601. This is important because in the event of loss of the paid orders the postmaster may obtain credit therefor by filing Form 6011.

2. Date of payment.—Enter the date of payment across the "Issuing Office" and "Serial Number" columns at the beginning of each day's business.

3. Domestic paid orders.—Enter the issuing office number, serial number, and the amount of each paid order. Separate by a slip of paper the orders listed in each column. When more than one slip is used, tie the orders entered on each slip together and number the bundles to correspond with the sheets. A separate column is provided for entering the paid money order fee deductions from orders paid within 30 days at an office other than that upon which the order was drawn.

4. Semi-domestic money orders paid.—Any paid money orders issued by any of the foreign countries with which business is conducted on the domestic basis must be entered and totaled under separate heading.

This office obtained, through a highly confidential source, a list of Issuing Post Office numbers that were found on money orders made payable to the subject. The identity of the Issuing Post Office would facilitate in identifying the remitter of said money orders.

It is requested that your office contact the Assistant Postmaster General of the Money Order Division, Post Office Building, Washington, D. C. and from him obtain the identity of the Issuing Post Office and transmit the identity to the Albany Office.

If you are unable to obtain the above information, please advise this office so further steps can be taken to identify the remitters of said money orders.
